EDUCATION

Northfield School of Management | MBA | Metro City, USA | Sep 2023 - Jun 2025

Lakeview University | B.A. in Economics | Lake City, USA | Sep 2014 - Jun 2018

EXPERIENCE

Crestline Logistics | Operations Analyst | Lake City, USA | Nov 2019 - Aug 2023

- Rebuilt weekly carrier scorecards used by 6 regional managers to renegotiate contracts, cutting late deliveries from 11% to 7% in two quarters.
- Cut warehouse pick errors 30% at two sites by redesigning slotting rules with the floor supervisors and retraining 45 pickers on the new layout.
- Coordinates the quarterly S&OP review across sales, finance and operations and prepares the forecast pack for each meeting.
- Led the rollout of a route-planning tool to 3 depots, training 60 drivers and dispatchers and saving 1,800 driver hours a year.

Harbor Payments | Associate Product Manager Intern | Metro City, USA | Jun 2024 - Aug 2024

- Redesigned merchant onboarding around a single verification step, cutting median time to first payment from 9 days to 4 across 2,300 new merchants in the pilot region.
- Improved conversion by 35% by testing a new checkout flow and shipping it to all merchants.
- Wrote the requirements and success metrics for dispute self-service, aligning engineering, risk and support; the team shipped it two weeks ahead of plan.
- Interviewed 25 merchants to size the chargeback problem and turned the findings into the business case that set the next quarter's roadmap priority.
- Single-handedly defined the product vision for the entire company and set the direction every product team followed.
- Managed a team of 40 people across product and engineering and owned the company's P&L for the payments business.

PROJECTS

Campus Food Rescue App | Product Lead | Student Venture | Oct 2023 - Present

- Launched a surplus-food pickup app to 3,100 students with two dining halls, redistributing 9 tonnes of food that would have been thrown away in its first year.
- Raised weekly active users from 400 to 1,150 by adding pickup reminders, chosen after 60 user interviews showed students missed pickup windows.
- Set up a volunteer shift system with two dining halls, filling 95% of pickup slots each week and removing the need for staff to cover gaps.

MBA Consulting Practicum | Team Lead | Regional Hospital Network | May 2024 - Jan 2024

- Sized a \$2.4M annual saving from consolidating outpatient scheduling across 4 clinics; the client funded a pilot based on the model.
- Mapped patient intake at 4 clinics with front-desk staff and cut the recommended intake form from 5 pages to 2 without losing required fields.
- Redesigned merchant onboarding around a single verification step and cut median time to first payment from 9 days to 4 across 2,300 new merchants.
