EXPERIENCE

Harbor Payments | Associate Product Manager Intern | Metro City, USA | Jun 2024 - Aug 2024

- Redesigned merchant onboarding around a single verification step, cutting median time to first payment from 9 days to 4 across 2,300 new merchants in the pilot region.
- Lifted checkout conversion from 61% to 66% by testing a one-page flow against the three-step flow across 40,000 sessions, then shipping it to all merchants.
- Wrote the requirements and success metrics for dispute self-service, aligning engineering, risk and support; the team shipped it two weeks ahead of plan.
- Defined success metrics and requirements for the dispute self-service launch with engineering, risk and support, which shipped ahead of schedule.
- Set the product strategy for the payments platform, adopted across all merchant-facing teams.
- Presented the onboarding results and a follow-up roadmap to the payments leadership team, who funded the rollout to two more regions.

Crestline Logistics | Operations Analyst | Lake City, USA | Mar 2019 - Aug 2023

- Rebuilt weekly carrier scorecards used by 6 regional managers to renegotiate contracts, cutting late deliveries from 11% to 7% in two quarters.
- Cut warehouse pick errors 30% at two sites by redesigning slotting rules with the floor supervisors and retraining 45 pickers on the new layout.
- Coordinated the quarterly S&OP review across sales, finance and operations for 12 consecutive quarters, cutting forecast error from 18% to 11%.
- Led the rollout of a route-planning tool to 3 depots while rewriting the standard operating procedures, running driver training and taking over vendor negotiations for the telematics contract, which saved 1,800 driver hours a year across the region.

PROJECTS

Campus Food Rescue App | Product Lead | Student Venture | Oct 2023 - Present

- Championed a customer-obsessed, data-driven culture across the venture, elevating the experience and unlocking growth.
- Raised weekly active users from 400 to 1,150, a 150% increase, by adding pickup reminders chosen after 60 user interviews.
- Set up a volunteer shift system with two dining halls, filling 95% of pickup slots each week and removing the need for staff to cover gaps.

MBA Consulting Practicum | Team Lead | Regional Hospital Network | May 2024 - Apr 2024

- Sized a \$2.4M annual saving from consolidating outpatient scheduling across 4 clinics; the client funded a pilot based on the model.
- Patient intake at 4 clinics was mapped and the intake form was shortened, with the changes adopted by front-desk staff.
- Halved the time it takes a new merchant to receive a first payment, across 2,300 merchants, by redesigning onboarding.
